

# CHEMISTRY EXAM GENERATOR

Teacher's Assessment Aid Software

#### Product Installation:

- Order the Licence for the Software and Subject you wish to install
- Insert the Cds in turns in your computer
- Enter the Licence Keys to install as instructed
- You can order the licences by paying via **M-PESA**, using the official lines on the CD or email to **successpeak@yahoo.com** for online installation.

#### How it Works:

You can prepare your Exam in each Subject in minutes by e-selecting challenging or easy questions by;

- Topic or sub-topic
- Time allowed
- Marks allocated
- Bloom's Taxonomy.

#### When you are satisfied, you can include;

- School name
- Form or class
- Dates
- Instructions.

#### The Exam Generator will automatically calculate;

- The total time allowed for this selected exam
- The total marks for the exam.

#### The e-Exam Generator will eventually;

- Allow you to preview the full paper and make any changes you wish
- Prepare an Examiner's Mark scheme automatically
- Allow you to print both your selected Exam and its Mark Scheme.

**Technical requirements: OS-Windows 98, 2000, XP, 2003 or Vista**
